

# AMP UP YOUR CAREER!

AT FIAT CHRYSLER AUTOMOBILES

## Help Build the Future of Manufacturing!

Are you ready to “earn as you learn” while launching a career in automotive manufacturing?

FCA’s Automotive Manufacturing Program (AMP) is a unique two-year co-op program with Macomb Community College created for aspiring Production Supervisors!

### PROGRAM HIGHLIGHTS

Two-year paid co-op program where participants work one day per week as a Production Supervisor while earning their Associates Degree at Macomb Community College.

### JOB OFFER POTENTIAL

Upon graduation, students who meet all requirements of the AMP program may be offered a full-time job as part of our Production Supervisor development program.

### TUITION REIMBURSEMENT

Upon successful completion of the two-year development program, students would have the opportunity to receive reimbursement of up to 50% of tuition paid toward their earned Associates Degree.

Launch your business and leadership skills with FCA.
